Reports 2020.What Version of SAP Crystal Reports Works with My Version Crystal Server or SAP BusinessObjects Business Intelligence Platform? SAP Crystal Reports SAP Crystal Server SAP Business Intelligence Platform 2008 (Version 12) XI 3.12011 (Version 14.0) 2011 4.02013 (Version 14.1) 2013 4,12016 (Version 14.2) 2016 4.22020 (Version 14.3) 2020 4.3 are the combinations tested and supported by SAP. Products must be at the same level as the Support Pack. The process to migrate an older version (.rpt) report file is to open the file with the SAP Crystal Reports 2020 (choose File> Open instead of double-clicking the file in Windows Explorer), update the data connection to use a 64-bit connection and then save. It is also worth noting that data connections will need to be upgraded to use 64-bit data connections: Can I use an old report with SAP Crystal Server 2020? It is recommended to migrate the report to the same version of Crystal Server. You can update your Crystal Server licenses under your maintenance agreement through SAP Support Portal (it is necessary to log in to S-User). The type and amount of license as well as functionality, your maintained version are preserved when you update to the most recent version. SAP Crystal Reports 2011, SAP Crystal Reports 2013, SAP Crystal Reports 2016 and SAP Crystal Reports 2020 â € "All of them are Developer.Sap Crystal Reports 2008 (Version The 12) and Earlier included the SDK Software with the Report Designer. Make this by opening the .rpt file with the SAP Crystal Reports 2020, updating the data connection to 64 bits then save. The complete program can be found ROF Stroper KCIUQ Htiw gnitrats? NAC UOY?
