You have 50 main applications for Windows Phone. Posts: Sep 6 '19 7:58:05 on sites in 2016 19. 7:58:05 Amvia Webtear I'm using Moto G 4 from the last three months. I used to be Samsung cell. I listen to music streamed by sangeethapriya.org (subwoofer). Since I can hear the music, the same goes for the folder to play music offline. But on Moto G4 I can listen to foreplay music but the music won't download. I'm wondering if I need to change some configuration. Please let me know how to download pre-warmish audio music by listening to it.
