Your day off will be more comfortable and relaxing with this amazing app.Introduce about Amazon Prime VideoAmazon Prime Video is an application developed by Amazon Mobile. This app works quite similarly to Netflix Premium and HBO Max. However, the highlight is that it has a ton of Amazon Originals series for you like The Marvelous, Tumble Leaf or Tom Clancy's Jack Ryan.Huge storage of movies and TV showsWhen people have to stay at home because of the COVID-19 virus, the demand for movies and shows increased. Hence, the proliferation of online streaming services becomes more apparent. Compared to other streaming player apps of the same genre, Amazon Prime Video is no less competitive. Thousands of popular movies, series, TV shows are regularly updated on Amazon Prime Video.You can watch over 100,000 titles including newly released movies and current TV shows. You will be lost in the colorful world of Hollywood, music programs and more. All are updated quickly.Watch offline, 4K, HDR qualityAmazon Prime Video has always prioritized the quality of the video. This is one of the first apps (along with Netflix) to offer 4K and HDR quality. Most of Amazon's original shows and movies are available in 4K and HDR formats, along with a subtitle.In addition, you can also watch videos with 5.1 Dolby Digital or Dolby Digital Plus audio. This will ensure that you will only watch your favorite movies and shows at the highest quality possible. But you also have the option to watch them at 1080p and lower quality to conserve data and bandwidth.In particular, Amazon Prime Video also allows users to download videos for watching offline. This saves you time, allowing you to watch your favorite movies anywhere. You just need to enter the name of a movie or show you want to search. Then wait a few seconds and you will be able to enjoy them.At any given time, you can download up to 25 Amazon Video titles to devices like your phones and tablets. All your needs are in this amazing application.TeaTV is also a streaming app for TV shows and movies that you shouldn't miss!Chromecast support and X-Ray featureAmazon Prime Video features Chromecast support, which lets you watch your favorite movies and shows on the big screen.Besides, Amazon Prime Video also allows you to subscribe to more than 150 special channels like HBO, Showtime, Starz and Cinemax, ... You will only need to pay for the channels you want and you can cancel the renewal at any time.Plus, with Amazon Prime Video's X-Ray feature, you can view IMDb data about the actors, directors, songs, and information related to the videos you watch. No need to waste time searching in Google, the app has everything available.InterfaceAmazon Prime Video has a minimalist and smart interface, with the goal of providing the best user experience.Amazon Prime Video searching feature is at the bottom of the screen. It is considered by everyone to be quite intelligent. You just need to enter part of the movie/show title, it will automatically give search results matching the keyword or part of the keyword. If not, it will offer a similar recommendation.Along with search, stores and channels are where you can discover the hottest trends and updates.MOD APK version of Amazon Prime VideoMOD featuresSubscriptionPremium UnlockedAmazon OriginalsSupport 4K, HDRUnlock 150 subtitle languagesDownload Amazon Prime Video MOD APK for AndroidIf you still can't find a movie player you like, please try the services Amazon Prime Video offers. JioTV MOD APK ZEE5 Premium MOD APK What User's Say About Amazon Prime MOD APK: Awesome app. Great assortment of movies, endless. Can rent or tons free with Amazon Prime. If you already paying for Amazon Prime you might as well check out the perks. Update, I guess I've been fortunate I've had no problem what so ever. Still finding new movies. Movies that are free for unlimited watching for the month. Old TV shows. Some cable shows are free for the first season then charge for added seasons. That's the only downside I've found. This app is useful to me. The movies are easily found, and a detailed description as well as trailer clips are available prior to making any decisions. As a prime member, movies are free of charge which is great for our whole family. If you have a question, concern, an issue needing immediate attention, all you need to do it call Amazon (which I've had to do) and before I knew it, there reason to my call was taken care of with professionalism, care, and efficiency. I'm very pleased. Excellent content choices. Brand new movies (The Aeronauts was in theatres at the same time it was offered on Amazon Prime Video!) I have yet to have a single issue with the app malfunctioning or crashing. Sometimes it's a little slow getting started but I've learned, 10 times out of 10, it's because there's a new version available to download and once I update it through Google Play, all is right in the world again! (Not literally, of course. But at least I can distract myself from the rest!) Features Of Amazon Prime Mod Apk? Free Membership Premium and VIP access Access All Amazon Originals Free monthly subscription More than 150 subtitle languages available 2K & HDR resolution is available.
