English stories for learning english pdf Learn English through English short stories in three different levels. Level 1- Level 2-Level 3 English stories for learning english pdf Hi, my name is Jackson. I am 10 years old. I am from Florida, United States. One day I saw a show on TV about a famous Russian wrestler. His name is Alexander Karelin. His achievements in sports amazed me. He was a three-time Olympic champion, a nine-time world champion and a twelve-time European champion. I think no one has repeated his result. He is considered the greatest Greco-Roman wrestler of all time. The Russians affectionately called him «Russian Bear», «Russian King Kong», «Alexander the Great». Before that he tried boxing, weightlifting, volleyball, basketball and skiing. He came to a wrestling gym, aged 13. At the age of 18, Karelin won a junior world title. I wanted to be like him. I wanted to be a champion. From that moment, I heard about Karelin, I started trying to become a champion. I get up early every day and run. I eat well and go to the wrestling gym every day. The competition will begin soon. I train with all my might. This is my first competition. I might lose this competition. But I won't stop here. I will keep trying. Because I have to be a champion. The Little Hunting Dog Once upon a time, in the city of Shansi, there lived a scholar who found the company of others too noisy for him. So he made his home in a Buddhist temple. Yet he suffered because there were always so many gnats and flies in his room that he could not sleep at night. Once he was resting on his bed after dinner, when suddenly two little knights with plumes in their helmets rode into the room. They might have been two inches high, and rode horses about the size of grasshoppers. On their gauntleted hands they held hunting falcons as large as flies. They rode about the room with great rapidity. The scholar had no more than set eyes on them when a third entered, clad like the others, but carrying a bow and arrows and leading a little hunting dog the size of an ant with him. After him came a great throng of footmen and horsemen, several hundred in all. And they had hunting falcons and hunting dogs by the hundred, too. Then the fleas and gnats began to rise in the air; but were all slain by the falcons. And the hunting dogs climbed on the bed, and sniffed along the walls trailing the fleas, and ate them up. They followed the trace of whatever hid in the cracks, and nosed it out, so that in a short space of time they had killed nearly all the vermin. English short stories for beginners The scholar pretended to be asleep and watched them. And the falcons settled down on him, and the dogs crawled along his body. Shortly after came a man clad in yellow, wearing a king's crown, who climbed on an empty couch and seated himself there. And at once all the horsemen rode up, descended from their horses and brought him all the birds and game. They then gathered beside him in a great throng, and conversed with him in a strange tongue. Not long after the king got into a small chariot and his bodyguards saddled their horses with the greatest rapidity. Then they galloped out with great cries of homage, till it looked as though some one were scattering beans and a heavy cloud of dust rose behind them. They had nearly all of them disappeared, while the scholar's eyes were still fixed on them full of error and astonishment, and he could not imagine whence they had come. He slipped on his shoes and looked; but they had vanished without a trace. English books pdf Then he returned and looked all about his room; but there was nothing to be seen. Only, on a brick against the wall, they had forgotten a little hunting dog. The scholar quickly caught it and found it quite tame. He put it in his paint-box and examined it closely. It had a very smooth, fine coat, and wore a little collar around its neck. He tried to feed it a few bread-crumbs, but the little dog only sniffed at them and let them lie. Then it leaped into the bed and hunted up some nits and gnats in the folds of the linen, which it devoured. Then it returned and lay down. When the night had passed the scholar feared it might have run away; but there it lay, curled up as before. Whenever the scholar went to bed, the dog climbed into it and bit to death any vermin it could find. Not a fly or gnat dared alight while it was around. The scholar loved it like a jewel of price. But once he took a nap in the daytime, and the little dog crawled into bed beside him. The scholar woke and turned around, supporting himself on his side. As he did so he felt something, and feared it might be his little dog. He quickly rose and looked, but it was already dead—pressed flat, as though cut out of paper! But at any rate none of the vermin had survived it. English books for elementary level pdf My travel to Copenhagen. English stories for learning english pdf — Copenhagen is a fantastic European capital and offers a lot to visitors. You could spend days or weeks there. But even just one day in Copenhagen can be a great trip. There are so many things to do in Copenhagen. That fitting them all into one day can seem daunting. Still, with a little planning. One can come up with a perfect itinerary to hit the highlights and must-see attractions. The Best Location to Spend One Day In Copenhagen Like most cities, the best place to spend one day in Copenhagen. If you have a longer period to visit, you can explore the other neighborhoods. You can also travel to other cities and look into day trips. From Copenhagen, you can even visit southern Sweden in a half-day trip. However, for this post, we'll focus on the things you can do with just one day in Copenhagen itself. One of the first things you should do during your one day in Copenhagen is a canal tour. Copenhagen canal tours are typically 90 minutes long. And cover more ground in the city than you could do in one day. It's a perfect way to see the best of Copenhagen with a live. Guide to tell you about each attraction. You'll also have the chance to view the city from a unique angle - below street level. Some of the best and most interesting photos. Copenhagen are captured from boats floating through the canals and harbors. You'll have a great view of some buildings that aren't easy to get to in one day like The Royal Opera House and Amalienborg Palace, the residence of the Danish Royal Family. Short stories to read and discuss pdf THE ANT AND THE DOVE English stories for learning english pdf — One hot day, an ant was searching for some water. After walking around for some time, she came to a spring. To reach the spring, she had to climb up a blade of grass. While making her way up, she slipped and fell into the water. She could have drowned if a dove up a nearby tree had not seen her. Seeing that the ant was in trouble, the dove quickly plucked off a leaf and dropped it into the water near the struggling ant. The ant moved towards the leaf and climbed up there. Soon it carried her safely to dry ground. Just at that time, a hunter nearby was throwing out his net towards the dove, hoping to trap it. Guessing what he was about to do, the ant quickly bit him on the heel. Feeling the pain, the hunter dropped his net. The dove was quick to fly away to safety. One good turn deserves another. English short stories for beginners pdf THE MONKEY AND THE DOLPHIN English stories for learning english pdf — One day long ago, some sailors set out to sea in their sailing ship. One of them brought his pet monkey along for the long journey. When they were far out at sea, a terrible storm overturned their ship. Everyone fell into the sea, and the monkey was sure that he would drown. Suddenly a dolphin appeared and picked him up. They soon reached the island and the monkey came down from the dolphin's back. The dolphin asked the monkey, "Do you know this place?" The monkey replied, "Yes, I do. In fact, the king of the island is my best friend. Do you know that I am actually a prince?" Knowing that no one lived on the island, the dolphin said, "Well, well, so you are a prince! Now you can be a king!" The monkey asked, "How can I be a king?" As the dolphin started swimming away, he answered, "That is easy. As you are the only creature on this island, you will naturally be the king!" Those who lie and boast may end up in trouble. English short stories for beginners There are many ways to get free English books online. Good part is you don't have to spend a dime. Free online books on nearly any subject that you want to read and they are all downloadable easily.You can improve your knowledge, reading speed or English grammar and vocabulary with these books.Many English readers love classics, short stories, novels and language books. Here are best sources to download free English books.1. ManyBooks Visit ManyBooks2. Project Gutenberg Visit Project Gutenberg3. ChildrenLibrary Visit Children's Library4. ARCHIVE Visit Archive.org5. OpenLibrary Visit OpenLibrary6. Free-ebooks Visit Free-ebooks7.DigitalLibrary Visit Digital Library Although there are many ways to learn English, the best place to begin is with a few high-quality textbooks. In my own experience as an autodidactautodidact: a person who teaches himself / herself, rather than being taught by a teacher, no other method offers so much information for so little money. Not apps, not podcasts, not YouTube. Even free learning materials cost something: your time. The more time you spend on a poorly designed learning program, the less time you have for other goals and interests. I also find that my students who are the fastest English learners are partial autodidacts: they do extra self-study at home, and they spend their study time learning from books - not movies or games.With that in mind, here are 8 books that I typically recommend to students who want to do extra self-study. I've organized the list into three categories.If you're planning to take the IELTS, I've also include 3 useful books specifically for IELTS preparation.Some of these books are a bit priceypricey: (informal) expensive - but when you consider that you will study them and refer back to them for many weeks, months, or years, they may be the cheapest investment you make in your education. Best Books for Improving English Vocabulary A very common way to learn a new word is to first think of the word in your native language and then search for its English translation (using Google or a dictionary app). I can identify which students practice this bad habit, because they struggle to speak fluently - even after many years of English study. When you hear about people learning English in 6 months, one reason is that they use good books to learn new words in English methodicallymethodical: done in logical way, using a plan or system.English Vocabulary Builder (DK English for Everyone) The fastest way to learn English (or any language) is by using pictures. After all, a large part of your brain is devoted to processing visual information. This is also how babies learn their first words. They see hear the word pizza, and learn that they can say the word pizza when they want to talk about. There are many books that you can use with this picture-learning method. One of the best ones for learning English is DK's English for Everyone series. For adults, I recommend the English Vocabulary Builder, which includes 3,000+ words and phrases related to ordinary objects, actions, and situations. There are also volumes for learning grammar, idioms, and business phrases. What makes DK's books different from other picture books is that each section of the book includes listening and review exercises, and you can practice pronunciation on their website or using their free app. English Collocations in Use (Cambridge) Learning a new word can be difficult. You need to learn what it means, how to pronounce it, how to spell it, and how to use it in a sentence. But there is also the question of how to use the word naturally, like a native speaker. To speak natural English, you will need to spend some time studying collocations. Cambridge University (also famous for their English experts) has created a series of books that can help you learn these tricky phrases. They have similar books for learning Phrasal Verbs and Idioms, in case you want to expand your vocabulary even further. Oxford Advanced Learner's Dictionary (OALD) Oxford University is famous for creating one of the biggest English dictionaries (with 600,000 entries). More importantly, their experts have also created the Oxford 3000. This is a list of the most useful, and most-frequently used, words in English-speaking countries. According to these experts, once you learn these 3,000 words, you can understand 80-90% of English conversations, websites, newspapers, etc. These 3,000 words also allow you to understand every word in Oxford Advanced Learner's Dictionary, a special dictionary for students who wish to attend an English-speaking university. The newest edition includes 60,000 words and 109,000 examples. The OALD includes a lot of special features that you can't find in other dictionaries — like synonyms and collocations. You can also download an app version on your smartphone that allows you to speak the word you want to look up (in case you don't know how to spell it — which is a common problem with English words). Best Books for Learning English Grammar It's true that English grammar is not simple. But a lot of books make the topic more difficult and confusing than necessary. The three books below are great because they make English grammar as simple as possible — and sometimes even fun. The best thing about these books, of course, is that they can help you learn English at home, and fast. (Note: If your goal is to review English grammar before taking the IELTS test, it's better to get a specialized text.) English Grammar in Use (Cambridge) A great book for studying English at home is Raymond Murphy's workbook, English Grammar in Use. (Make sure you get the version with answers.) It's the most popular grammar book in the world, and for good reason. Each grammar topic is explained in simple terms, with lots of examples and practice exercises. At the back of the book, there is a test that you can take to identify which grammar topics are the most difficult for you. In fact, the best way to study this book is to start with the topics that you find most interesting or confusing. Do note, however, that the Intermediate book is written for B1/B2 learners, so if your English level is lower or higher, you should consider getting the Beginner or Advanced books instead. Practical English Usage (Oxford) A common problem with grammar books (in any language) is that they give the reader too much information. They are written by linguistics professors who are interested in the history, psychology, or science of language — so they don't explain common problems for English learners. In contrast, Practical English Usage is designed specifically for readers who want to learn English. It was first published in 1980 and has been improved several times over the past 40 years. For intermediate and advanced students, it is a great resource to have. Do note, however, that there are no exercises. It only offers explanations and examples. English Grammar: Understanding the Basics (Cambridge) If you feel confused about terms like "transitive" and "intransitive" verbs or "demonstrative" and "interrogative" pronouns, then another book to consider is Cambridge University's English Grammar: Understanding the Basics. Unlike the other two books above, this text explains English grammar step by step. It's especially useful if you have to do a lot of writing in English, but also good to read if you want to reach an advanced level fast. With the other two books, you will how to fix your mistakes and build longer sentences, but this book helps you to understand "the big picture" of English. In the excerpt below (explaining phrasal verbs), you get a 'taste' of how clear and simple the book is. Of course, the best way to improve your speaking skills is to practice with a tutor or some English-speaking friends. But you can also learn a lot about speaking from a couple good books, like those below.Finally, if you want to attend an English-speaking university or get a visa to work in an English-speaking country, you will probably need to take the IELTS. The three books below can prepare you to get the best possible score. In addition to creating a lot of good self-study books, Cambridge is one of the co-creators of the IELTS. So it's unsurprising that they also publish the best book for preparing to take the test. The Official Cambridge Guide to IELTS is written for English learners with a minimum B1 reading level, and offers guidance for how to prepare for both versions of the IELTS (Academic and General Training). In addition, the book includes lots of tips, explanations, exercises, audio and visual examples - plus 8 complete practice tests. Do note, however, that this book does not teach you vocabulary or grammar. It focuses on listening, reading, speaking, and writing skills - just like the IELTS itself.
